1.4.82
a Lesson in the University of The New Covenant
Theodore Cottingham, February 16, 2006 9am in coffeeshop
www.unc.bz

1. Who can see my University arising, arising, arising out of nothing but my word, my word, my heart, my healing that now arises through my word to bring forth my university that now arises with healing in my wings, its wings, the wings of the students that now come forth from all four corners of the earth and beyond, beyond, beyond all borders-thought, to experience the New Covenant, THE New Covenant in living life, living color, and living texture of only me. Watch me. Watch me.

2. Watch me arise my university from not one place and one thought-time but many places and throughout time without time. Watch me. Watch me. **Watch what I do with surrendered ones who come to surrender into their priesthood and become the priests and kings I designed for them to be before the foundation of the earth.** Watch me. Watch me.

3. Watch what I do with the men, women, boys and girls that now come online to watch not, but to participate in the grandest sweep of my hand ever. Watch me. Watch me. Watch me arise my university now through the hands of the surrendered who only live for me, live for me, live IN me and me in them fully so that their uniqueness comes forth as Father made/designed them, and had in his heart when they came forth, when they came forth, **as they now come forth in their original design.** Watch me. Infinite-less not, infinite infinite'd. And what is infinity to the infinity-power, exponent'd by my math system? Watch me.

4. Who can see what I'm doing with one so surrendered as to simply write/believe my words to the extent that he operates/takes action on them? Watch me. Watch what I do with my surrendered giants that now step up/come forth from all walks of life, life-thought, to bring forth true life real, real life true, life true and real to bring forth changes in nations and not fearing mafias and pet toy machine guns. Watch me.

5. Who can see the real and true, and be true to the real? Who wants to? **Who wants to**, that is the answer. Those who want to see the kingdom will be the kingdom. They already are, and now my university tells them, not from afar in mysteries and theoreticals but yea from first hand experience, experiencing my kingdom through my ultimate-surrender'd, leaders that lead in submission'd humility and the principles of my heart not, principles not, but relationship dynamic with day to day knowing/being me and, is there any other way?

6. Where is the light and who is the path and where will you follow who to for what reasons? And what are you doing with your power oh son of man, and who are you and

what do you have and who am I **and how do I cling to you to operate in/know your fullness/my fullness?** Oh see my heart/words this day to you to show you my heart and life real and true. Please. See. Not as in/by the heart of man/flesh but with/by my eyes/heart and **being my body and blood, realize you are,** bringing you into the fullness of my heart/kingdom, to operate exponentialized **and time having no hold on you.**

7. Who can/will be one this day, with me? Do you want to? Would you like to fly with me in my kingdom? Would you like to know boundarylessness? ***Would you like to know the fullness of Christ, and that Christ is not one, but one is, and what that means?*** And are you willing to lay down your life to see/feel/become life true and real? And operate in the here and now that the here and now really is, transcendent of the here and now thought/perceived by those in the world's kingdom? What do you want and what are you willing/allowing yourself to see?

8. *Will you study? Will you read? Will you write? Will you write what I give you? Will you write what I have placed inside you?* ***Will you release the mind of Christ*** to come through your editing not of other's words, but allow them to reveal life real and true to you and others, becoming life real and true to the worlds far and farther?

9. Who will/shall be limitless this day? Who wants to, that's who. Do you? Must you stay in your shell of authority'd ones over you, that you've surrendered your thinking to? Or will you develop/mature and read/write/study/mature and flow my crystal river?

10. Thinkest I am a taskmaster delirious with my power? Or am I a man acquainted with grief and sorrows, that knows your every temptation? And what are you doing with your sorrow, giving them to who? A counselor, or The Counselor? And why wherefore are you waiting to talk to others when you spurn my requests day after day to come sup with me at my table and, I will bring all the elements/truth. Will you let me? I would that you let me.

11. Who will see what is happening in my/their world and what wherefore are you willing to let/see? And what authoritarianism have you bought into and subservient/ruling, under/over others, become? What will you let go of to receive that which I have for you in fullness?

12. And are you willing to study/lead? And can you lead in surrender and submission to those you lead/teach? And what is my model/paradigm for

learning/teaching/maturing in the kingdom of heaven that here on earth is, for the seeing/entering/surrendering?

13. What are you willing to do/see? What are you willing to let? What are you letting influence? Why? Please tell me. Please tell me. Please write out on paper why you are letting certain influences influence you. Please list your influences and who you influence and who/what all influences you and why you are letting it/yourself be influence others/yourself? Can you see/be the redemption factor? In the lives of millions? Is your blood mine? Do we have the same father? See. Please. Please see. Please open to me/my words coming forth in you without restraint so I can teach you myself in such tenderness, and submission only. Will you? Consider me, please, and what I say this day, and day after day, laying so bare before you. Thank you.

14. Who will come into me for my allness this day? Will you? Thank you.

15. Who will study, apply themselves diligently to know humility and meekness first hand, first person, and surrender into the great surrender, leadership that dies to bring forth leadership true and real, and real and true being, ride faithful and true into camps many and foreign far. I love you and I give you what? Me. Me in part? Me in fullness. I surrender to your surrender. I love you.

16. What will you that I do for you this day, just bring you money to allay your fears from other forms of authority not-mine? Elevate you in other's eyes? Build/give you a kingdom/ministry? Retirement account? Health insurance? **Or would you like to see the kingdom that you are, that is inside you, about you, and all around you is?**
The cost is high. You die, I give you my life.
You give me your all, I give you my all.
You surrender your kingdom and I surrender mine.
You give me your words and I give you mine.
You give me your body and I give you mine.
Everything you give me I give you, in kingdom proportions, as it's Father's heart that you should have/enter/live throughout the/his kingdom, real and true. And who is that you're riding?
I give you me and there is no other. Is there any other place?

17. Yea all these and so much more become apparent so soon, and studied/revealed are in my school of one, my university that spawns universities of my heart, yea, in every place/time thought. **Watch me unlimit my body as never conceived by the mind of man. Watch me. Watch me. Watch what I do with the unsurrendered not, but the surrendered men, women, boys and girls on planets far and wide.**

18. Thank you my friend for writing this and letting me flow unabated, unedited, unabridged, yea, just simply like I am: my word. Thank you.

19. I arise you**. I arise my university like no other.** I arise the all-surrendered like no other.

20. You are my son and this day, I pleased am with every one of you who continue to quest into me irrespective of religions and demagoguery of authoritarianisms. I love you all. **See me in these words, your heart bringing forth that which you let.** Thank you. Amen.

21. My university arises. Watch me from all four corners bring my giants/surrendered. Watch me. Thank you every one who surrenders/lets me come.

Me
